

## A2 - Bug #104

### Windows.Objects.Await

30 November 2020 10:28 - Serge Durmanov

<b>Status:</b>	New	
<b>Priority:</b>	Normal	
<b>Assignee:</b>	Felix Friedrich	
<b>Category:</b>	Win64	
<b>Target version:</b>		
<b>Description</b>		
Probably, the "slink" parameter in the Windows.Objects.Await should be of type ADDRESS instead of SIGNED32
